- Electronic bus door operation from the driver seat and with remote bus door control from outside the vehicle
- Step lighting and entryway stanchion pole provides increased passenger safety
- Manual emergency bus door release provides for exit in case of power loss

About Driverge

Driverge is one of the country's leading builders of commercial shuttles, wheelchair accessible vans, transporters and taxis. With more than 140,000 square feet of production space in Ohio, Kansas, and South Carolina, TransitWorks is building and shipping innovative transit vehicles throughout North America.

We are a Ford Qualified Vehicle Modifier (QVM) and Ford's largest mobility pool for more than 15 years. All of our vehicles meet or exceed FMVSS and NHTSA standards. We are members of TLPA, NTEA MVP, and NAFA, with sales and service supported by a national network of more than 200 affiliated dealer locations.
